DIRECT VENT GAS FIREPLACE

HEAT & GLO®

No one builds a better fire

Design | Innovative Technologies

Come home to the comfort of a perfect fire

- Remarkable balance of flame, glow and ambiance
- Premium flames, true-to-life high definition logs and gorgeous LED glowing ember bed
- Exceptional viewing area with virtually invisible glass for unbelievable clarity

Your fireplace, your style

- Several choices of interiors, fronts, and hand-crafted logs
- Customization options from traditional to modern

Next-level control

- Complete control via IntelliFire® app, remote (included), smart speaker voice control or wall switch
- Add heat management technology to get heat where you want it, when you want it
