

MERIDIAN SERIES

Direct Vent Gas Fireplaces

Create an inviting place where the best moments begin.

With the big, bold, comfortable Meridian or Meridian Platinum gas fireplace, you'll gather 'round dancing flames with an expansive hearth that puts out generous heat. You can even run your fireplace by smart speaker or phone. With on-trend styling choices to fit your look, it will be your favorite hangout spot.

Cover: Meridian Platinum 42 shown with Castle Stone interior panels, New Bronze Ensemble front, Pauline marble surround and Merritt mantel with corbels

Product Features

Aesthetics

- 36" and 42" widths, in three models including a Modern unit for a more contemporary feel
- Dramatic, big view with hand-painted logs
- Five interior panel options and four decorative front designs
- LED ember bed and LED backlighting create a warming ambiance (Platinum only)

Comfort and Convenience

- Enhanced safety with the IntelliFire Touch Ignition System™
- Easy control with touchscreen remote, voice control, wireless wall switch or app
- Heat Management puts the heat where you want it, when you want it
- Dynamic Thermostat adjusts flames with rising temps to maintain comfort level
- Variable speed fan disperses heat throughout the room

Style to fit your look.

Outfit your Meridian with a choice of brick interiors or reflective black glass to go with Oak hand-painted logs. Or a more modern look with Driftwood logs, stones, and a glass firebed. Upgrade to the premium Meridian Platinum for even more fireside presence. Ceramic glass shows off every detail of the flickering flames, with ember bed glow and accent lighting you can have on even when the fireplace isn't.

Controls

IntelliFire App – All the features of a remote control with an app installed on your smart device. Monitor your fire from anywhere or even control it with the sound of your voice. IntelliFire is compatible with voice assistants Amazon Alexa and Google Assistant.

Touchscreen Remote – Features: on/off, flame height adjustment, fan speed, lights adjustment, thermostat mode, room temperature readout, child lock, timer mode, battery backup, cold climate mode, power vent, wall docking station (fan, lights and power vent are dependent on your fireplace).

Wireless Wall Switch – Features: on/off, battery strength indicator, cold climate mode

Heat Management Technology

Passive Heat™ Disperse heat naturally (no fan) into the room, lowering surface temperatures so you can place a TV or artwork just 12" above the fireplace. Choose side, front or open-wall registers.

Side Register

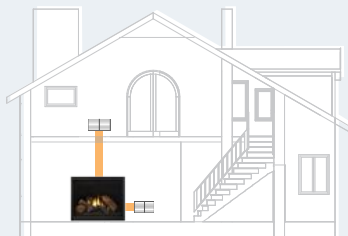

Front Register

Open-wall Register

Heat-Zone® Technology

Draw heat from your fireplace to another room in your home. Redirect up to 50% of the heat, while reducing wall temperatures above the fireplace.

Heat Out Technology

Draw heat from your fireplace and direct it outside. Redirect up to 40% of the heat while reducing wall temperatures above the fireplace.

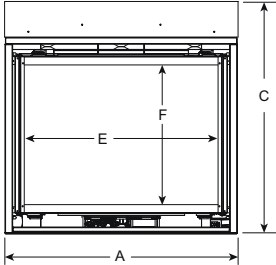

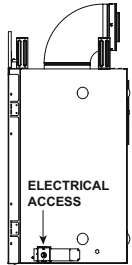

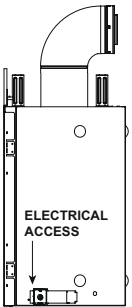

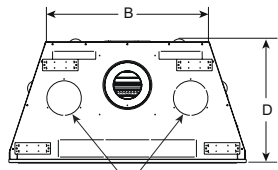

Key Technologies

IntelliFire Touch™ Technology IntelliFire Touch is our most advanced intermittent-pilot ignition (IPI) system, making running your appliance simple, smart and safe. Utilize the included touch screen remote control (Platinum only) or add the IntelliFire® app for the solution that fits your lifestyle.

Direct Vent Technology Direct vent fireplaces remove 100% of combustion exhaust and odors from your space. These sealed fireplaces provide optimal heat, conserve energy and ensure clean indoor air quality.
